

SCAO form 17, Financial Report is due April 15th and your chief judge can not file his until he or she has reviewed yours. Although the IRS has extended the deadline for tax returns, I don't believe the SCAO has extended it for the report.

Have a great weekend. Stay safe and healthy.

Brennan

The first full line of the report (scao 17) states that the deadline for filing the report is the same date required by the IRS for submission of tax returns.
