We use it in the 47th DC and I really like it. Very easy to use. Love that you can populate and sign and you don't mark up a page just by touching it.

Good morning, Norene. I use it exclusively and have done so for several years. I have no complaints. In addition to working flawlessly, it maintains a library just in case the copy sent to the court administrator or police gets misplaced. Very satisfied. Quick to learn. Easy to use. Stay safe and healthy. Brennan

Our county IT switched us to Fox-It, wish we had Adobe back.

I've been using this app for at least a year.

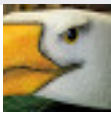

It works. It's easy. Maintaining record of events is built in.  
Just make sure that your affiant actually signs the affidavit before emailing it to you. (I still remind them to do it)
