Good Afternoon-

So, we here at 10th District Court have been good dobees and have been live-streaming our arraignments for quite a while now. All was well, until relatively recently we've had about 5 or 6 times where YouTube has deleted our videos (before we get a chance to after the ending of our hearings). We get a separate gmail e-mail from YouTube indicating that "Your video was flagged to us for review. Upon review, we've determined that it violates our guidelines and we've removed it from YouTube."

Obviously, that's not something we control, and I don't know if some good citizen is "reporting" us to the YouTube-ocracy or if certain words (common to certain charges) might be triggering a "family values" type flag.

We have not yet "appealed" that decision to the YouTube Gods of Appeal.

Has anyone else here had the same/similar issues? Has SCAO said anything about this happening or what to do?

Any help would be, um . . . HELPFUL!

Thanks,
-Dave Heiss

We were having issues last week regarding the Live Streaming concerning Launching. and SCAO provided that had been corrected today. I've not had any reports about Deletion by YouTube so that has me concerned and curious.
